

The purpose of this resource is to provide a catalog of Lincoln Learning Solutions Training Team's offerings.

## Lincoln Learning Solutions Training Offerings

As you view this catalog, please keep a few things in mind.

- On-Demand options will not be available until Summer/Fall of 2025.
- All options can be requested virtually.
- Any virtual session can also be delivered in-person.
- Each virtual session can be customized per client.
- Custom sessions commence with a Pre-Session Consultation with our team.
- Implementation training will vary based on the product(s) and services selected.
- Implementation required sessions should be scheduled before any additional sessions.

### Training Offerings

*\*Indicate sessions that could be required during the **implementation** phase. These sessions will be discussed, customized, and scheduled during the Client Implementation call.*

Audience	Title/Description	Delivery Method	Timeline
Client	<b>Enrollment Essentials</b> Client Admins will gain foundational knowledge on creating user accounts and enrolling students into classes. This session covers the essential steps to streamline the Pulse enrollment process effectively.	On-Demand	Year 1*  Annual (New Admins)
All	<b>Understanding Learning Objects</b> Discover the concept of Learning Objects and explore their significance in the Lincoln Empowered Curriculum. This session provides clear answers and insights into how Learning Objects enhance the educational experience.	On-Demand	Year 1*  Annual (New Staff)
All	<b>Understanding Your Lincoln Learning Course</b> Explore the main components of your Lincoln Learning Course within the LMS to understand how they function together. Learn how to support students in completing activities and assessments. This session helps clients understand course structure, pacing, and resources to aid student progress.	Virtual	Year 1*  Annual (New Staff)
Teacher	<b>Teaching Essentials</b> This introductory session for new clients offers a comprehensive overview of the key elements teachers need to begin with Lincoln Learning. Topics covered may include navigation, curriculum fundamentals, grading procedures, communication strategies, and utilizing the Help Center.	On-Demand or Virtual	Year 1*  Annual (New Teachers)

Teacher	<b>Lincoln Content Bank Essentials</b> This session walks through the steps for locating, searching, and deploying content from the Lincoln Content Bank. An overview of the Empowered learning objects will enhance the training and allow attendees to understand how to utilize single objects or build powerful learning experiences.	On-Demand or Virtual	Year 1*  Annual (New Teachers)
Tech Admin	<b>Common Cartridge Overview</b> <b>[NEW OFFERING]</b> Learn how you can use Common Cartridge, a 1EdTech standard specification and Lincoln Learning. Tech Admins will gain insight into the use of Common Cartridge capabilities and how it integrates into their LMS safely and securely.	On-Demand	Year 1
Teacher	<b>Mastering Lincoln Learning in Your LMS</b> Our training team will collaborate with you to identify agenda items focused on the Lincoln Learning product within your LMS and tailor a session to meet your team's specific needs. Our staff possess extensive experience in Buzz, Canvas, and Schoology. For instance, a customized Buzz session may cover topics such as Scheduling Due Dates, Assessment Customizations, Standards-Based Report Cards, or Course Finalization.	Virtual	Year 1  Annual (New Teachers)
Teacher	<b>Mastering the Lincoln Content Bank</b> <b>[NEW OFFERING]</b> Reinforcing the concepts in Lincoln Learning Content Bank Essentials, this custom session allows teachers to gain a deeper understanding of the tool and how it can enhance their own teacher experience. Topics will include alternative search options, building and maintaining folder structures, and more while using the teachers' real-world use cases to power this unique session. Prior LCB access is recommended.	Virtual	Year 1  Annual (New Teachers)
Families	<b>Family Orientation</b> In partnership with Lincoln Learning, families are invited to an introductory session to explore the Lincoln Learning curriculum from a student's perspective. This session provides an excellent opportunity for clients to set expectations and engage with families effectively.	Virtual	Year 1  Annual (New Families)

## Professional Development Offerings

Audience	Title/Description	Delivery Method	Timeline
Client	<b>Getting Creative with Materials</b> Don't have the recommended materials for a lesson? This session encourages families and educators to think outside the box and utilize everyday items creatively to support their child's education. Discover innovative ways to make learning engaging and resourceful.	On-Demand	Year 1 - Year 2  Annual (New Curriculum Offerings)
Teacher	<b>Lincoln Learning's Academic Integrity [NEW OFFERING]</b> Learn how Lincoln Learning staff identifies and handles Academic Integrity in the virtual classroom. This session is designed to equip teachers to formulate strategies to identify and prevent cheating/plagiarism and develop/evaluate academic integrity policies and procedures.	On-Demand	Year 1 - Year 2
Teacher	<b>Second Semester Preparation</b> This session outlines the necessary steps for preparing your course for second semester enrollments. These steps include adjusting content, recalling teaching essentials, and wrapping up first semester enrollments.	Virtual	Year 1 - Year 2
Teacher	<b>End of Year Preparation [NEW OFFERING]</b> This session outlines the necessary steps for preparing for the end of the year. These steps include adjusting plans, recalling essential tasks, and wrapping up annual activities.	Virtual	Year 1 - Year 2
Teacher	<b>Data-Driven Instructional Practices</b> Data tells a story and monitoring data continually can be the key to student success. In this session, teachers will explore where to find data and how to use it to enhance student achievement.	Virtual	Year 1 - Year 2
Teacher	<b>Empower your Classroom Management [NEW OFFERING]</b> Lincoln Learning content, combined with a learning management system, can streamline classroom management. This session covers establishing an effective online learning environment, promoting academic integrity, building routine and structure, and using data to enhance student success.	Virtual	Year 1 - Year 2
Teacher	<b>Mastering Blended Learning [NEW OFFERING]</b> Using Lincoln Learning, examine different models of blended learning, evaluate instructional strategies, and identify the necessary routines and procedures to incorporate blended learning into daily practices, aiming to enhance student engagement and achieve higher levels of success.	On-Demand	Year 1 - Year 2

Teacher	<b>Personalizing the Learning Experience</b> This session emphasizes the importance of accommodations, modifications, individual instruction, differentiated learning and supplemental support in creating personalized learning experiences for special populations. The training is divided into two sessions: the first focuses on creating customized learning spaces, while the second explores various personalized learning options.	On-Demand or Virtual	Year 1 - Year 2
All	<b>Strategies for Engaging Virtual Learners</b> <b>[NEW OFFERING]</b> Engaging content alone does not motivate virtual learners. In this session, you will understand and implement highly effective practices and how to take advantage of Lincoln Learning content to motivate and engage your learners.	Virtual	Year 1 - Year 2
Teacher	<b>Apply It in Your Classroom</b> <b>[NEW OFFERING]</b> Lincoln Learning offers various methods like Apply Its and Project-Based Learning assessments to engage and challenge students. In this session, examine the advantages of project-based learning and explore how to effectively implement Lincoln Learning's Project-Based Learning solutions in your learning environment, sparking inspiration and creativity among your students.	On-Demand	Year 1 - Year 2
Client	<b>Mastering Pulse Reporting</b> Learn how to build a diverse array of reports with Lincoln Learning Solution's Pulse product. This session provides attendees with the expertise to generate and export data effectively, leading to thorough and insightful reporting.	On-Demand	Year 2
Client	<b>Mastering Buzz Reporting</b> Discover how to construct a variety of reports within Buzz for the Lincoln Learning curriculum. This session offers participants the skills to generate and export data efficiently, ensuring detailed and insightful reporting.	On-Demand	Year 2
Teacher	<b>Maximizing a Subject Area with Lincoln</b> <b>[NEW OFFERING]</b> In this session, educators will review the comprehensive subject-specific resources available within Lincoln Learning. Participants will be informed about how to leverage these resources to enhance their curriculum and support student engagement. The session will cover techniques for integrating subject area content into daily lessons, utilizing advanced customization options, and employing best practices for instructional impact. By the end of this session, teachers will have strategies to create a learning environment tailored to their specific subject areas.	Virtual	Year 2+
