SOLUTIONS

May 2025 Edition | Supporting Your EK–12 Homeschool Journey

As we approach the final stretch of the academic year, May is an ideal time to reflect on your homeschool journey and prepare for what's next. Whether you're wrapping up core subjects or planning a smooth transition into summer learning, Lincoln Learning's EK–12 digital curriculum continues to support your family with standards-aligned content, interactive resources, and flexible courses designed to fit your homeschool schedule.

In this issue, you'll find timely tools, helpful reminders, and fresh inspiration—plus new ways to keep learning active this summer.

## SPENDING THE SUMMER OUTSIDE

Learning doesn't stop when schoolwork ends—and sometimes, the best classroom is your backyard. This blog explores how outdoor activities can extend your homeschool curriculum, promote hands-on learning, and keep your student engaged over the summer. Who's in the mood to start a garden?

Read it here: **Spending the Summer Outside**

### NEED A COPY OF YOUR STUDENT'S GRADE REPORT?

We're here to make that process simple. To request a formal grade report or get assistance with progress-related questions, contact Melissa Cypher, our homeschool support liaison. She's available to guide you through the process and ensure you have the information you need.

Reach out to [mcypher@lincolnlearningsolutions.org](mailto:mcypher@lincolnlearningsolutions.org) for prompt, personalized support.

# A NOTE OF RECOGNITION

Homeschooling is a full-time commitment and a quiet form of leadership.

This month, we acknowledge the intentional choices you make every day to support your child's education and growth.

- **MOTHER'S DAY:** To the mothers and caregivers teaching at home: Your work matters. Your guidance shapes more than academics—it builds confidence, curiosity, and resilience.
- **MEMORIAL DAY:** We remember those who served and sacrificed. May this day remind us all of the values that unite us—commitment, purpose, and service to others.

## ENHANCING EDUCATION: EVIDENCE-BASED STRATEGIES IN THE LINCOLN EMPOWERED CURRICULUM

Curious how Lincoln Learning builds every course to encourage academic growth? Our approach is rooted in research-based strategies that help students develop mastery, confidence, and independence. This article outlines the framework behind our curriculum and how it supports differentiated learning in the homeschool setting.
