

Pointful Education is a publisher of online digital courseware, offering several courses that prepare students for industry-based certification exams. These certification exams are overseen and administered by third-party entities for which the information below was gathered to assist in navigating the exam process. The intent is to provide guidance in understanding the specifics associated with each certification exam such as certification names, registration requirements, testing center locations, and associated costs. While this information is gathered from multiple online sources and updated regularly, we encourage all Pointful Education partners and customers to use the links provided within for more information and/or to contact the testing administrators directly for additional information or questions.
